

Best Pheromone Product - What is the Best Pheromone Product?

How do you choose the *best pheromone products*? Let's face it, if you're like me, you want the *best pheromone* to give you more sex, more dates, and attract more women. It's no secret that a lot of these "pheromone" products do not actually work. Before you spend your hard earned money on pheromones that might not work, I want to show you which ones worked for me and which ones didn't do squat.

Best Pheromone Products

Travelled on the internet and looked through the various websites marketing human pheromone products, read user reviews, and simplified my choice to the following:

- Liquid Trust: Liquid Trust is an attractant pheromone manufactured by Vero Labs, and claims to help to make women trust you.
- By using Oxytocin, they claim that Liquid Trust is likely to make women trust you and feel much more intimate.

This is a somewhat ridiculous claim so I had to test Liquid Trust and experience it first hand.

Results varied but I did notice a keen increase in women flirting beside me, more direct eye contact, and also plenty of *social interaction*. I'm not sure in the event that it really makes women feel they can trust you but I did increase their overall attraction to me.

- You might be like me the *best pheromone product* is the one which is going to get you laid the most.
- If you're looking to purely meet women and break the ice, Liquid Trust is one of the *best pheromone* products.
- Alpha-7 Pheromones: Let me start by saying this, Alpha-7 Scented is a very strong and powerful pheromone product.
- The fragrance has a spice and cinnamon aroma making it one of the best smelling pheromones I've used.
- This is the greatest pheromone for smelling awesome!
- Out of 10 women, 7 women approached me, 3 gave me their number. and 2 ended up sleeping with me on the first date.
- Definitely one of the best pheromones available on the market.

Primal Instinct Pheromones: Primal Instinct is yet another effective and well known pheromone. They claim to have the highest dose of Androstenol of any pheromone item (androstenol is one of the most powerful pheromone chemicals for attracting women).

While the effects wore off after a few short hours, Primal Instinct proved to rather effective at *attracting women*.

Final Thoughts: Of the three pheromones, which one was the most effective and powerful at attracting women and getting them in bed?
