

## Scent of Eros Pheromone Cologne

Scent of Eros is one of the leading **pheromone products** on the market dedicated and effective for consumers new to **pheromone** products.

*The cologne is not in order to powerful and allows you to experiment in different social settings.*

### Why Aroma of Eros Pheromone Cologne?

Scent of Eros was created by James V. Kohl, a leading researcher in the field of pheromones. Kohl authored a book (of the same title as the cologne), explaining how pheromones could increase and spice up the social and romantic lifestyle.

*Really favor the brand because Kohl knows first-hand, as well as anyone, what pheromones to use and how to pack it in to cologne.*

“ Kohl explains how pheromones such as androstenone, androstenol, and **androsterone** can change your mood and chances for success in social settings. These types of pheromones come together, allowing people who use the cologne to become a lot more friendly, relaxed, confident, and flirtatious.

### Scent of Eros: the Good and the Bad

Scent of Eros provides a nice perfume along with what work. Diverse pheromones and amounts produce different results with regards to the user.

- Have found an overall positive approval rate when it comes to Fragrance of Eros and its fragrance.
- Women tend to appreciate the scent and are naturally drawn to the power of pheromones.
- I'm more confident as well as relaxed when conversing with ladies.
- They are more open to talk back and some appear to consider an increase sexual desire to me.

“

*The Miracles Of Pheromones : Appeal to Good-looking Females Without Trying Principally, pheromones are identified scientifically as chemical substances which can be either secreted or excreted by dwelling microorganisms as a way to get a response from the opposite sex. These types of chemical compounds could successfully...*

- Recommend dabbing 4-5 drops of the cologne on your clothes.
- Strategically place the cologne in your clothes and not your skin.
- Your skin offers other scents that can devour the cologne without you even noticing.

*Bring the actual cologne together with an individual, as I only notice the fragrance lasting for an average of two hours.*
