Why Aroma of Eros Pheromone Cologne?

Scent of Eros was created by James V. Kohl, a leading researcher in the field of pheromones. Kohl authored a book (of the same title as the cologne), explaining how pheromones could increase and spice up the social and romantic lifestyle.

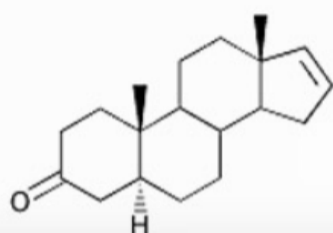

Really favor the brand because Kohl knows first-hand, as well as anyone, what pheromones to use and how to pack it in to cologne.

Kohl explains how pheromones such as androstenone, androstenol, and **androsterone** can change your mood and chances for success in social settings. These types of pheromones come together, allowing people who use the cologne to become a lot more friendly, relaxed, confident, and flirtatious.
